SUMMARY

Software Engineering graduate with hands-on experience in web and mobile development using PHP, ASP.NET, Java EE, and Flutter. Skilled in database management, Git, and UI/UX validation, with experience in manual testing and bug reporting. A fast learner with strong analytical thinking, adaptability, and teamwork, eager to grow and contribute to high-quality software projects.

EDUCATION

Bachelor of Information Technology (Hons) in Software Engineering   **Sep 2022 - Feb 2026**
Universiti Kuala Lumpur
Current CGPA: 3.30

Foundation In Science and Technology   **2021/22**
Universiti Kuala Lumpur
CGPA: 3.67

Sijil Pelajaran Malaysia (SPM)   **2020**
MAAHAD MUHAMMADI LELAKI

WORK EXPERIENCE

Caction   **Sep 2025 – Feb 2026**

Software Developer Internship

- Performed manual QA testing for web and mobile apps, identifying and reporting 30+ bugs via Notion, ensuring functional reliability and improved user experience.
- Developed frontend components and layouts using modern web frameworks, collaborating with the team through GitHub for version control.
- Maintained code quality with SonarQube, reducing potential errors and improving system stability.
- Designed UI/UX prototypes in Figma, enhancing usability of features like filters, logs, and task management.
- Validated mobile and web flows, including onboarding and bulk processes, ensuring consistent performance across multiple app versions.

PERSONAL PROJECTS

Final Year Project
Title: Ramarama.co Online Store Management Systems

- Designed and developed a full-featured e-commerce website using Laravel, SQLite, Tailwind CSS, Breeze, and Vite for frontend and backend functionality.
- Performed manual QA testing on user registration, login, checkout, and payment modules to ensure smooth and secure operations.
- Conducted UI/UX testing across multiple devices and screen sizes, improving responsiveness and user experience.
- Identified, reported, and resolved functional bugs during development and integration.
- Integrated ToyyibPay API, validating secure and seamless payment transactions for customers.

ACHIEVEMENTS

Google Project Management Professional Certificate – 2024
- Learn how to create effective project documentation and artifacts throughout the various phases of a project.
- Practice strategic communication, problem-solving, and stakeholder management through real-world scenarios.

FUTUREBiZ AI 2.0 Workshop 2025 – Participant (AEON Bank Collaboration)
- Participated in workshop colabration with AEON BANK (M) BERHAD

Google Agile & Project Management Online Programs – Participant
- Google: Foundations of Project Management
- Google: Project Initiation: Starting a Successful Project
- Google: Project Planning: Putting It All Together
- Google: Project Execution: Running the Project
- Google: Agile Project Management
- Google: Capstone: Applying Project Management in the Real World

SKILLS

- **Programming & Frameworks:** PHP, JavaScript, C#, Java; Laravel, ASP.NET, Flutter, Bootstrap, Tailwind CSS, Breeze, Vite
- **Databases:** MySQL, SQLite, Firebase (NoSQL)
- **DevOps & Tools:** Git, Cloudflare, WinSCP, SonarQube, Notion, Figma
- **Software Testing:** Manual Testing, Functional & Regression Testing, UI/UX Testing, Test Case Design, Bug Reporting, User Acceptance Testing (UAT)
- **Other Software & Languages:** Microsoft Office Suite, Android Studio; Fluent in Bahasa Melayu & English
- **Soft Skills:** Effective Communication, Adaptability, Continuous Learning, Leadership & Team Collaboration

LICENSES & CERTIFICATIONS

- Google Project Management Professional Certificate
